

## Bulletin 2017-12

December 22, 2017

### **Amendments to Rule 004: Alberta Tariff Billing Code Rules**

The Alberta Utilities Commission (AUC or the Commission) solicited comments from stakeholders on proposed amendments to Rule 004: *Alberta Tariff Billing Code Rules* (Rule 004) to keep the rule relevant and reflective of the requirements of the retail electricity and natural gas markets. After considering the stakeholder input, the Commission approved the revisions to Rule 004 on December 21, 2017.

The scope of the revisions to Rule 004 includes updates to tariff billing events in Table 3-1 and component category codes in Table A5-16. Materials related to the revisions, including a summary of the changes and stakeholder input are posted on the AUC website under the Consultation tab, Rule 004 – Tariff Billing Code Rules area.

The Commission thanks stakeholders for their participation in the review process.

Any questions relating to Rule 004 can be directed to either Andrea Laroia or Raymond Lee in the AUC's regulatory policy division, at [regulatorypolicy@auc.ab.ca](mailto:regulatorypolicy@auc.ab.ca).
