## **Watch AUC public hearings through livestream video**

The Alberta Utilities Commission started broadcasting video in addition to the audio and exhibit display for oral hearings today.

In the Calgary and Edmonton hearing rooms the service shows the hearing room presenters in real-time and provides an alternative to those who do not wish to, or are unable to, attend the entire hearing. Hearings located outside of Calgary and Edmonton will continue to only feature audio webcasting.

Access to the live broadcast is available through the AUC website home page at [www.auc.ab.ca](http://www.auc.ab.ca) by accessing the link through “[Listen to a hearing](#)”. When you select the link to the broadcast, you will be prompted to provide your name and email address. If this is your first time using the webinar service, the software required will automatically download.

Archived hearing webcasts and audio for off-site hearings will continue to be available.

Please contact Richard Goldberger at 403-592-4524 or email [webmaster@auc.ab.ca](mailto:webmaster@auc.ab.ca) if you have questions about the service or if webinar service issues arise.

Sincerely,

Jim Law  
Director, External Relations
