To: Distribution List for 24-Month Application Forecast

24-Month Application Forecast for 2017 and 2018

Dear Sir/Madam:

The Alberta Utilities Commission (AUC) is again seeking your assistance with the completion of the 24-month application forecast. As you may recall, this document is useful to the AUC and other stakeholders in our planning process for the next two-year window. Your feedback will be consolidated with other entities regulated by the AUC. The completed document will be publicly available on the AUC's website.

For your assistance, last year's 24-month application forecast can be found here: <http://www.auc.ab.ca/items-of-interest/Application-Forecast/Pages/default.aspx>. Attached to the email that accompanies this letter is a template to use this year. Please complete the attached template, separating your applications by type (i.e., rates, facilities, need, ISO rules, reliability standards, franchise applications, code exemptions, code plan changes, other).

Please forward your organization's response to Darek Kogut (darek.kogut@auc.ab.ca) by **January 9, 2017**. If you have any questions please contact Darek Kogut at 403-592-4477 or by email.

Sincerely yours,

(sent by email)

Bob Heggie
Chief Executive
