

Editorial changes made to Rule 022, Rules on Intervener Costs in Utility Rate Proceedings

January 31, 2012

This rule has been updated to adhere to the AUC Style Guide and a standardized template format resulting in minor editorial changes that do not affect the content and meaning of the previously published rule. More notably, Appendix C (paragraph 4) was amended to conform to the updates to our electronic system and to remove an obsolete email address as follows:

Previous version:

(4) A cost claim must be filed electronically as a single PDF document by e-mail to utilitycosts@auc.ab.ca. A paper copy is not required.

Current version:

(4) A cost claim must be filed electronically as a single PDF document using the AUC Digital Data Submission (DDS) on the AUC website. Questions and issues regarding use of DDS should be directed to the electronic filing services support staff at 780-643-1055 or by email at systemservices@auc.ab.ca. If DDS cannot be used to file a cost claim, applicant should email filings@auc.ab.ca for the application to be filed on their behalf.
