

Bulletin 2009-23

September 4, 2009

Issuing of Correction to Appendix A, Scale of Costs to Rule 009, *Rules on Local Intervener Costs*, to include honoraria

Rule 009, *Rules on Local Intervener Costs*, governs costs for interveners in electric or gas utility facility applications. Rule 009 was amended in September of 2008. At that time an oversight occurred in that the honoraria for attendance or preparation for local interveners was omitted from the Scale of Costs in Appendix A.

Please note that this oversight has now been corrected to include the honoraria in the Scale of Costs in Appendix A to Rule 009.
