**Record Amendment Near Evansburg  
Licence 4704  
Proceeding 22915  
Application 22915-A001**

**Record amendment application**

1. ATCO Gas and Pipelines Ltd. (ATCO), by Application 22915-A001, registered on August 29, 2017, filed an application with the Alberta Utilities Commission under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* to amend the mapping record of line 1 near Evansburg. The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Licence 4704.
2. ATCO stated that after reviewing its records, it was determined that the base map did not reflect the correct location of line 1. Therefore, ATCO has applied to amend the base map to accurately reflect the location of this pipeline.
3. ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.
4. Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

5. The Commission approves the application. The existing licence information is correct and does not need to be reissued, however, the map will be updated in the database.
