Disposition 23928-D01-2018

AltaGas Utilities Inc.  
5509 45 St.  
Leduc, Alta. T9E 6T6

Attention: Jennifer Coleman,  
Senior Regulatory Specialist

**AltaGas Utilities Inc.  
Third-Party Transportation Rate – October 2018  
Proceeding 23928**

1. AltaGas Utilities Inc. submitted its monthly filing on September 24, 2018, to the Alberta Utilities Commission for its proposed third-party transportation rate (TPTR) for the month of October 2018. The proposed TPTR was \$0.184 per gigajoule (GJ).
2. The AUC has reviewed the filing and considers that the proposed TPTR was determined in accordance with the method approved in Decision 2007-079,<sup>1</sup> as issued by the Alberta Energy and Utilities Board, predecessor to the AUC. Consequently, the AUC acknowledges for AltaGas the TPTR of \$0.184/GJ, which, as set out in Rate Rider G, is to be applied to the energy delivered to default supply and retail supply distribution service customers during the month of October 2018.
3. Upstream transportation costs that are currently recovered through the TPTR were previously recovered through AltaGas' gas cost recovery rate (GCRR). Therefore, the Commission considers that, similar to the direction provided to gas utilities for GCRR applications in Decision 2001-75,<sup>2</sup> interested parties shall be provided with a 30-day review period following the filing of each monthly TPTR in which to raise any concerns with the determination of the TPTR.
