

Connection Order 24519-D07-2019

Appendix 6 to Decision 24519-D01-2019	June 19, 2019
WCSB GP I Ltd. Connect Galloway Power Plant to the ATCO Electric Ltd. Distribution System	Proceeding 24519 Application 24519-A003

Genalta GP I Ltd., pursuant to Connection Order U2014-293,¹ has approval to connect its Cadotte Power Plant, approximately 30 kilometres east of Peace River, to the electric distribution system of ATCO Electric Ltd.

WCSB Power Generation GP Inc., by Application 24519-A003 registered on April 17, 2019, applied to the Alberta Utilities Commission for approval to transfer the connection order from Genalta GP I Ltd. to WCSB GP I Ltd.

The Commission approved the application in Decision 24519-D01-2019,² and granted WCSB GP I Ltd. an order to connect the power plant, renamed Galloway Power Plant, to ATCO Electric Ltd.'s electric distribution system, pursuant to Section 18 of the *Hydro and Electric Energy Act*. This approval is subject to the provisions of the *Hydro and Electric Energy Act* and the *Alberta Utilities Commission Act*, any regulations made under the acts, any orders made under the acts, the Commission rules made pursuant to the *Alberta Utilities Commission Act*, and the following terms and conditions:

1. WCSB GP I Ltd. may connect the power plant to the distribution system in Legal Subdivision 9, Section 28, Township 84, Range 18, west of the Fifth Meridian.
2. The specifications of the connection shall remain as set out in Application 1608767.
3. The connection shall be operated so that except under short-term emergency conditions:
 - (a) The flows of real and reactive power are those for which the connection is designed and which it is intended to carry on a continuous basis.
 - (b) No excessive surges of 60-hertz power or excessive exchange of power frequency harmonics shall occur between the systems connected.
