Calgary, Alta. T2G 4S7

Attention: Mr. Andrew Davison
Manager, Regulatory Applications

**ENMAX Energy Corporation
Regulated Rate Tariff
Electric Energy Charges – May 2019
Proceeding 24530**

- On April 24, 2019, ENMAX Energy Corporation (ENMAX) filed its energy charges applicable to its regulated rate tariff (RRT) for the month of May 2019 with the Alberta Utilities Commission.
- The filing included an attestation letter from a senior officer of ENMAX in accordance with the format directed by the Commission in Decision 20448-D01-2017.¹ The attestation letter stated the senior officer had conducted a review of the filing and affirmed that the rates had been determined in accordance with the energy price setting plan (EPSP) for 2016 to 2018. ENMAX’s EPSP was approved by the Commission in Decision 20448-D01-2017, Decision 22510-D01-2017,² Decision 23223-D01-2018³ and Decision 24341-D01-2019.⁴
- ENMAX’s proposed energy charges for the month of May 2019 are as follows:

Rate class	Energy charge as calculated cents/kilowatt hour (kWh)
Residential	6.390
Commercial	6.390

- As part of its filing and in accordance with the *Rate Cap (Commission Approved Regulated Rate Tariffs) Regulation*, ENMAX also submitted its deferral account statement for the month of May 2019. ENMAX’s energy charges did not exceed the price cap of 6.8 cents/kWh, and therefore, the price cap is not reflected in its energy charges for the month.

² Decision 22510-D01-2017: ENMAX Energy Corporation, 2016-2018 Energy Price Setting Plan Compliance Filing, October 30, 2017.
³ Decision 23223-D01-2018: ENMAX Energy Corporation, 2016-2018 Energy Price Setting Plan Second Compliance Filing, June 15, 2018.
⁴ Decision 24341-D01-2019: ENMAX Energy Corporation, 2016-2018 Energy Price Setting Plan Amendment, April 9, 2019.

ENMAX stated that its deferral account was calculated considering only deferral account balance adjustments.

5. The AUC has reviewed the filing, including the attestation letter from the senior officer. In accordance with Section 7(3) of the *Regulated Rate Option Regulation*, the AUC acknowledges that the energy charges as set out above represent rates determined in accordance with ENMAX's EPSP for 2016 to 2018.

6. The AUC has also reviewed ENMAX's deferral account statement and ENMAX's calculation of its deferral account balance. In accordance with Section 4 of the *Rate Cap (Commission Approved Regulated Rate Tariffs) Regulation*, the AUC approves ENMAX's submitted deferral account statement for the month of May 2019. The approved deferral account statement is included as an appendix to this letter.

7. Further, as outlined in sections 7(4) and 7(5) of the *Regulated Rate Option Regulation*, ENMAX must retain records sufficient to enable the AUC to audit any previous monthly rates set by ENMAX. Any amount overcharged to customers due to an incorrect rate calculation must be refunded to customers as soon as practicable after the error is discovered.

8. If any affected party objects to the calculation of the energy charges for the month in question, they should notify the AUC and ENMAX in a timely manner, and include the nature of their objection and the reason(s) why it should be considered.

9. The Commission may, within 30 days of the date of this decision and without notice, correct typographical, spelling and calculation errors and other similar types of errors and post the corrected decision on its website.
