## Application for transfer of specific transmission assets from AltaLink L.P. to PiikaniLink L.P.

**Proceeding 24757**  
**Application 24757-A001**  
**AltaLink Management Ltd.**

The Alberta Utilities Commission, the independent utilities regulator, will be considering the application for transfer of specific transmission assets from AltaLink L.P. to PiikaniLink L.P. to ensure that the delivery of Alberta's utility service takes place in a manner that is fair, responsible and in the public interest. If you feel you may be affected by this application, you can provide input to the AUC to review before it makes its decision.

AltaLink Management Ltd. has filed an application requesting approval for the transfer of and effecting all required amendments to, all permits, licences, authorizations, approvals and other orders from AltaLink in its capacity as general partner of AltaLink L.P., to AltaLink in its capacity as general partner of PiikaniLink L.P. regarding the PiikaniLink L.P. transmission assets whose transfer was previously approved by the Commission in Decision 22612-D01-2018.

AltaLink indicated it will allocate a portion of its approved 2019 interim tariff to PiikaniLink L.P. and that it intends to seek approval of PiikaniLink L.P.'s 2019-2021 GTA and final tariffs at the time of AltaLink's 2019-2021 GTA compliance filing as the PiikaniLink L.P. revenue requirement is tied directly to AltaLink's GTA.

**Written submissions are due August 13, 2019.**

To register your concerns, or your support for the application, please visit the AUC website and log in to the eFiling System to file your submission for Proceeding 24757. If you do not have access to the internet, send your name, address, phone number, organization you are representing, description of your interest in the proceeding, position including information in support of the position and reasons why the AUC should decide in the manner recommended, and whether further process is required.
