

Notice of application Wildwood Power Plant

Sutton Energy Ltd. has filed an application for a natural gas-fuelled power plant in the Wildwood area

Proceeding 24801 Application 24801-A001

The Alberta Utilities Commission (AUC), the independent utilities regulator, will be considering the power plant development application in Proceeding 24801. If you feel you may be affected by this application you can provide input to the AUC to review before it makes its decision.

Written submissions are due August 26, 2019.

Sutton Energy Ltd. has applied, under the *Hydro and Electric Act*, for approval to construct and operate a new 4.425-megawatt power plant (Wildwood Power Plant) located approximately 1.5 kilometres southwest of Wildwood in the southeast quarter of Section 28, Township 53, Range 9, west of the Fifth Meridian. The Wildwood Power Plant would consist of three natural gas-fuelled reciprocating-engine generators, each with a rated capability of 1.475 megawatts. Sutton Energy Ltd. also applied to connect the power plant to the FortisAlberta Inc. 25-kilovolt distribution system. The location of the power plant is shown on the attached map.

Additional information about the application

The application and any associated documents are publicly available and can be accessed from the eFiling System on the AUC website www.auc.ab.ca. Alternatively, for more information about what is being applied for, or for a copy of the application, please contact:
