Description of conduct that resulted in the contravention	<p>AUC Rule 003, Section 3.4.1(3) states: An ESP must not request the disconnection of a customer unless (a) the customer requests the disconnection; (b) the customer's account is in arrears and the disconnection will occur within the permissible disconnection period; (c) the customer is receiving electricity or gas service but fails to provide information or provides incorrect information for billing purposes and the disconnection will occur within the permissible disconnection period; or (d) the premises or property served by a site reasonably appears to be vacant or unoccupied.</p> <p>AltaGas Utilities Inc. (AltaGas) self-disclosed that a customer had failed to make a payment on an overdue amount. A third party then agreed to a subsequent payment arrangement on the customer's behalf. However, the previous payment arrangement was not cancelled and a service representative did not see that an alternative payment arrangement had been agreed to. This resulted in the customer being disconnected on June 25, 2019, contrary to AUC Rule 003, Section 3.4.1(3).</p>									
Facts relied upon	AltaGas self-disclosed that it had contravened AUC Rule 003, Section 3.4.1(3). AltaGas stated that it had paid the customer a \$150 service guarantee as required by Section 3.4.2(1) of AUC Rule 003. The Commission is satisfied that a contravention has occurred.
