**EPCOR ENERGY ALBERTA INC.
REGULATED RATE TARIFF
ELECTRIC ENERGY CHARGES – MAY 2010 AND
MAY AND JUNE 2010 NON-ENERGY CHARGE RATES
APPLICATION NO. 1606124**

1. EPCOR Energy Alberta Inc. (EEAI) filed an application (Application) on April 26, 2010, with the Alberta Utilities Commission (AUC) for its energy charges applicable to its Regulated Rate Tariff (RRT) for the month of May 2010. The RRT energy charges are for the EPCOR Distribution & Transmission Inc. (EDTI) and FortisAlberta Inc. (Fortis) service territories.
2. The Application included a letter from the independent advisor¹ (the Advisor). The Advisor stated that he had reviewed the energy charges filed by EEAI for the month of May 2010, and stated that they were calculated in accordance with the Energy Price Setting Plan (EPSP) for 2006 to 2011, including the month-ahead portion and the Index Support Agreement as approved in Order [U2007-352](#).²
3. EEAI's EPSP was approved in Order [U2006-109](#),³ an order of the AUC's predecessor, the Alberta Energy and Utilities Board (Board). The EPSP formed part of a Negotiated Settlement, which the Board considered would result in rates that were just and reasonable.

¹ The Advisor is an independent expert retained to provide advice and assistance as provided in the 2006-2011 energy price setting plan (EPSP).

² Order U2007-352: EPCOR Energy Alberta Inc., Amendment to 2006-2011 Energy Price Setting Plan Index Support Agreement (Application 1546917) (Released: December 7, 2007).

³ Order U2006-109: EPCOR Energy Inc. and EPCOR Energy Alberta Inc., 2006-2011 Regulated Rate Option Energy Price Setting Plan Negotiated Settlement (Applications 1454218 and 1454219) (Released: April 28, 2006).

4. EEAI's proposed energy charges for the month of May 2010 are as follows:

Energy Charges (EDTI Service Territory)

Residential	6.338
Small Commercial	6.338
Lighting	3.794

5. AUC staff members have reviewed the Application, including the letter from the Advisor, and the AUC accepts that the above noted energy charges represent rates determined in accordance with EEAI's EPSP for 2006-2011, including the month-ahead portion and the Index Support Agreement as approved in Order U2007-352. In this Order, the Board approved EEAI's adjustment to its 2006-2011 RRT EPSP Index Support Agreement as agreed to by customer parties and the Advisor.

6. In accordance with section 7(3) of the *Regulated Rate Option Regulation*, AR 262/2005, as amended, the AUC acknowledges that the energy charges as set out above are applicable to EEAI's RRT in the noted service territories for the month of May 2010.

7. Further, as outlined in sections 7(4) and 7(5) of the *Regulated Rate Option Regulation*, EEAI must retain records sufficient to enable the AUC to audit any previous monthly rates set by EEAI. Any amount overcharged to customers due to an incorrect rate calculation must be refunded to customers as soon as practicable after the error is discovered.

8. If any affected party objects to the calculation of the energy charges for the month in question, they should notify the AUC and EEAI in a timely manner, and include the nature of their objection and the reason(s) why it should be considered.

9. In the Application, EEAI also filed for acknowledgement the non-energy charges that are applicable to EEAI's RRO service during May and June of 2010. EEAI submitted that these non-energy charges have been updated from those previously filed by EEAI as part of its second quarter 2010 Non-Energy Charge Acknowledgement Filing (dated March 25, 2010), pursuant to the Commission's directions in Decision [2010-172](#).⁴
