**ALTAGAS UTILITIES INC.
DEFAULT RATE TARIFF
GAS CHARGE – SEPTEMBER 2010
APPLICATION NO. 1606489**

1. AltaGas Utilities Inc. (AltaGas) filed an application (Application) on August 25, 2010, with the Alberta Utilities Commission (AUC) for its gas cost recovery rate (GCRR)¹ for the month of September 2010. The proposed GCRR was \$3.151 per gigajoule (GJ).
2. AUC staff members have reviewed the Application, and the AUC accepts that the proposed GCRR was calculated on a monthly flow-through basis in accordance with section 3(5) of the *Default Gas Supply Regulation*, AR 184/2003, as amended, and in accordance with the directions previously issued to gas utilities by the Alberta Energy and Utilities Board, predecessor to the AUC, in Decision 2001-75,² and, more specifically to AltaGas, in Decision 2002-036.³ Consequently, the AUC acknowledges for AltaGas the GCRR of \$3.151/GJ, as set out in Rate Rider “D”, which is to be applied to the energy sold to all sales service rates unless otherwise specified by specific contracts during the month of September 2010.
3. As directed in Decision 2001-75, interested parties will be provided with a 30-day review period following the filing of each monthly GCRR in which to raise any concerns with the GCRR, price and volume forecasts, and prior period reconciliations.
