Default Rate Tariff  
Gas Charge – June 2011  
Application No. 1607348**

1. AltaGas Utilities Inc. (AltaGas) submitted its monthly filing on May 25, 2011 to the Alberta Utilities Commission (the AUC or the Commission) for its proposed gas cost recovery rate (GCRR)<sup>1</sup> for the month of June 2011. The proposed GCRR was \$4.301 per gigajoule (GJ).
2. The Commission has reviewed the filing and accepts that the proposed GCRR was calculated on a monthly flow-through basis in accordance with Section 3(5) of the *Default Gas Supply Regulation*, AR 184/2003, as amended, and in accordance with the directions previously issued to gas utilities by the Alberta Energy and Utilities Board, predecessor to the AUC, in Decision 2001-75<sup>2</sup> and, more specifically to AltaGas, in Decision 2002-036.<sup>3</sup> Consequently, the Commission acknowledges for AltaGas the GCRR of \$4.301/GJ, as set out in Rate Rider “D”, which is to be applied to the energy sold to all sales service rates unless otherwise specified by specific contracts during the month of June 2011.
3. As directed in Decision 2001-75, interested parties will be provided with a 30-day review period following the filing of each monthly GCRR in which to raise any concerns with the GCRR, price and volume forecasts, and prior period reconciliations.
