

April 1, 2014

Russell Wintersgill  
Vice President, Operations and Engineering  
AltaGas Utilities Inc.  
5509 - 45 Street  
Leduc, Alberta T9E 6T6

Dear Mr. Wintersgill:

**AltaGas Utilities Inc.  
Review of Emergency Management Guide and Emergency Management Plan**

Thank you for forwarding the AltaGas Emergency Management Guide and Emergency Management Plan to the Alberta Utilities Commission on January 31, 2014. Similar to the previous review process of the AltaGas pipeline integrity management and emergency response manuals, the Commission engaged an independent consultant to review these manuals against criteria established in relevant standards and legislation.

The results of the consultant's review are attached to this letter. The Commission requests that AltaGas review the consultant's assessment and provide management responses. The responses are requested by May 12, 2014. After receipt of the management responses from AltaGas, the Commission intends to post the consultant review and the AltaGas responses on the AUC website.

Should you require assistance, please contact the undersigned at your convenience.

Yours truly,

Brian Shand, P.Eng.  
Director, Gas Facilities  
Phone: 403-592-4434
