**Re: ATCO Pipelines  
Radiographic Weld Inspection**

**Q1 2018 Quarterly Update: 2017-2018 General Rate Application (Proceeding ID 22011)**

Please find the attached quarterly update for Q1 of 2018 of 'Spreadsheet (b)', with regards to ATCO's radiographic weld inspections as requested in the Alberta Utility Commission's information clarity request, received by ATCO on September 29, 2016.

Please note that the following updates were made to Spreadsheet (b) from ATCO's last quarterly submission:

- Added information for all re-inspection and assessments completed from December 21<sup>st</sup>, 2017 to March 21<sup>st</sup>, 2018
- Updated ECA completion dates and disposition, and repair completion status for December 21<sup>st</sup>, 2017 to March 21<sup>st</sup>, 2018
- Locations and estimated number of welds were updated based upon information collected during ongoing detailed review and physical re-inspection.

The information contained here within is current as of March 21<sup>st</sup>, 2018. ATCO will provide the next quarterly update to the AUC in July 2018 and will be current as of June 30<sup>th</sup>, 2018.

Should the AUC request further clarification or desire further information on this matter, please contact the undersigned at 780-420-7225 or by email at [graeme.feltham@atco.com](mailto:graeme.feltham@atco.com).

Sincerely,

A handwritten signature in red ink, appearing to read "GF", with a long horizontal stroke extending to the right.

Graeme Feltham, P. Eng, MBA  
Vice President, Engineering & Construction  
ATCO Pipelines
