**Re: ATCO Pipelines  
Radiographic Weld Inspection**

**Q3 2018 Quarterly Update: 2017-2018 General Rate Application (Proceeding ID 22011)**

Please find the attached quarterly update for Q3 of 2018 of 'Spreadsheet (b)', with regards to ATCO's radiographic weld inspections as requested in the Alberta Utility Commission's information clarity request, received by ATCO on September 29, 2016.

Please note that the following updates were made to Spreadsheet (b) from ATCO's last quarterly submission:

- Added information for all re-inspection and assessments completed from June 28, 2018 to September 30<sup>th</sup>.
- Updated ECA completion dates and disposition, and repair completion status for June 28, 2018 to September 30<sup>th</sup>.
- Locations and estimated number of welds were updated based upon information collected during ongoing detailed review and physical re-inspection.

The information contained here within is current as of September 30<sup>th</sup>, 2018. ATCO will provide the next quarterly update to the AUC in January 2019 and will be current as of Dec 31<sup>st</sup>, 2018.

Should the AUC request further clarification or desire further information on this matter, please contact the undersigned at 780-420-7225 or by email at [chris.johnson@atco.com](mailto:chris.johnson@atco.com).

Sincerely,

A handwritten signature in blue ink, appearing to read "Chris Johnson".

Chris Johnson, P. Eng,  
Director, Facility & Integrity Engineering  
ATCO Pipelines
