

December 4, 2018

To: Parties currently registered in Proceeding 22726

Paintearth Wind Project Ltd.
Paintearth Wind Project
Proceeding 22726
Applications 22726-A001 to 22726-A003

Ruling on abeyance request

1. In a letter dated November 14, 2018, Paintearth Wind Project Ltd. (Paintearth) requested that further consideration of its applications be suspended and that the proceeding be held in abeyance. The reason for the request is that Paintearth is undertaking additional consultation to address stakeholder concerns that may result in changes to the proposed project. Paintearth intends to file an amendment to its applications with the Alberta Utilities Commission by March 2019.
2. The Commission has asked that I inform you of its ruling on the abeyance request.
3. Given that the purpose of the request is to address stakeholder concerns and that there is the potential for an amendment to the applications, the Commission grants the suspension request and places the proceeding in abeyance until further notice. If an amendment to the applications is not received by April 1, 2019, Paintearth must provide an update on the status of its discussion with stakeholders or the expected timing for filing of its potential amendment.

Sincerely yours,

Giuseppa Bentivegna
Commission Counsel
