

Bulletin 2012- 02

March 9, 2012

Rule 012 – Noise Control

Over the past nine months, the Alberta Utilities Commission (AUC) has worked with stakeholders and formed a working group which included industry experts to provide input into “Phase 2 – Technical Changes” of Rule 012: Noise Control ([Rule 012](#)).

On March 8, 2012, the Commission approved amendments to [Rule 012](#) which are effective on April 1, 2012. However, for applications filed before June 30, 2012, the Rule 012 in force before April 1, 2012 continues to apply.

The material related to this review of Rule 012, including a summary of stakeholder comments and the Commission’s responses to these comments, is posted on the AUC’s website under the tab [Rule Development\Noise Control](#).

The AUC thanks stakeholders for their time and participation in the consultation process, and for their effort in reviewing and providing comments on the proposed changes to the rule.

Any questions relating to Rule 012, or the review process, can be directed to either Don Popowich at don.popowich@auc.ab.ca or Raymond Lee at raymond.lee@auc.ab.ca.
