

Notice of application Cascade Power Plant Project

Cascade Power GP Ltd. has filed an application for a 900-megawatt combined cycle natural gas power plant in the Edson area

**Proceeding 24081
Application 24081-A001**

The Alberta Utilities Commission (AUC), the independent utilities regulator, will be considering the power plant development application in Proceeding 24081. If you feel you may be affected by this application you can provide input to the AUC to review before it makes its decision.

Written submissions are due May 15, 2019.

Cascade Power GP Ltd. has applied to the AUC for approval to construct and operate a 900-megawatt combined cycle natural gas power plant. The power plant, to be designated as the Cascade Power Plant, would be developed in two 450-megawatt phases. Each phase would require the installation of one gas turbine and one steam turbine. The first phase would be in service by the third quarter of 2022 and the second phase would be in service by the fourth quarter of 2022.

The power plant would be located on Crown land in the west half of Section 28, Township 52, Range 18, west of the Fifth Meridian, approximately 12 kilometres southwest of Edson in Yellowhead County. A map showing the location of the proposed project is attached. The application has been filed under the *Hydro and Electric Energy Act*.

Applications for the interconnection of the proposed power plant to the Alberta Interconnected Electric System will be the subject of separate applications, to be filed at a later date.

Additional information about the application

The application and any associated documents are publicly available and can be accessed from the eFiling System on the AUC website www.auc.ab.ca. Alternatively, for more information about what is being applied for, or for a copy of the application, please contact:

Participant information

For more information about how you may become involved in this proceeding, please contact us or visit our website and review the information under “Have your say” and under “Review process.”

Submissions

If you wish to participate in this proceeding, please visit our website and log in to the eFiling System, go to Proceeding 24081, and register to participate under the “registered parties” tab. Alternatively, please contact us at 310-4AUC or info@auc.ab.ca for more information or assistance with filing your submission. The lead application officer, Victor Choy, can also be contacted at victor.choy@auc.ab.ca or 403-592-4439.

The AUC may make its decision without further notice or process if no written submissions are received.

Submissions must include your name, address, phone number, legal land location, description of your land in relation to the proposed development and a description of your interest in the land, your business, or your activities which may be affected by the proposed project. Please also briefly describe the issues you would like the AUC to consider when making its decision.

Privacy

To support an open and transparent process, information you send to the AUC will be publicly available through the AUC’s eFiling System. If there is confidential information you would like to file, a request must be made in advance of filing your submission.

Issued on March 20, 2019.

Alberta Utilities Commission
Douglas A. Larder, QC, General Counsel
