

Notice of application

East Strathmore Solar Project

East Strathmore Solar Project Inc. has filed an application to construct and operate a 20.1-megawatt solar power plant in the Strathmore area

**Proceeding 24266
Application 24266-A001**

The Alberta Utilities Commission (AUC), the independent utilities regulator, will be considering the power plant development application in Proceeding 24266. If you feel you may be affected by this application, you can provide input to the AUC to review before it makes its decision.

Written submissions are due March 19, 2019.

East Strathmore Solar Project Inc. has applied, under the *Hydro and Electric Energy Act*, for approval to construct and operate a 20.1-megawatt solar power plant to be designated as the East Strathmore Solar Project. The project would be sited on approximately 120 acres of private, cultivated land in Wheatland County, approximately 12 kilometres east of Strathmore.

The project would be sited on a single quarter section of land located in the southwest quarter of Section 9, Township 24, Range 23, west of the Fourth Meridian. Please see the included map.

As proposed, the project would consist of approximately 78,000 solar photovoltaic modules, each with a capacity of approximately 335 watts and 10 inverter and transformer units with a nominal rating of 2,200 kilovolt-amperes. The project would be connected to the FortisAlberta Inc. electric distribution system through a 700-metre underground distribution line.
