**ATCO Gas and Pipelines Ltd.
Northwest Calgary Connector Pipeline Project
Proceeding 24827
Application 24827-A001**

Further ruling on standing

1. The Alberta Utilities Commission issued a notice of hearing for Proceeding 24827 on September 5, 2019, setting a deadline for written submissions of October 16, 2019. The Commission has also issued rulings granting various parties standing to participate in the above-noted proceeding.¹
2. On December 12, 2019, the Commission received a letter² from Carscallen LLP stating that it has been retained by Stuart Mair and Charlie Ludwig who wish to join the Tuscarora Group as interveners in this proceeding. Carscallen LLP stated that neither individual has filed a statement of intent to participate in this proceeding but that Mr. Mair and Mr. Ludwig may be directly and adversely affected by the proposed pipeline project as their lands are located within 400 metres of the proposed pipeline right-of-way.
3. On December 12, 2019, Andy Papadopoulos filed a statement of intent to participate³ in the proceeding. Mr. Papadopoulos stated that he owns land approximately 50 feet from the proposed project and expressed safety concerns for existing and planned communities.
4. The Commission set out the framework for how it determines standing in its October 24, 2019 ruling and will not repeat it here.
5. The Commission has authorized me to communicate its decision on standing.

Ruling

6. The Commission has determined that Mr. Mair and Mr. Ludwig, who are members of the Tuscarora Group, and Mr. Papadopoulos, all own or occupy land located on, or directly adjacent to, the proposed pipeline right-of-way, or are within close proximity of the proposed pipeline right-of-way, and have demonstrated that they have legal rights that may be directly and adversely affected by the Commission's decision on the application. Accordingly, these individuals have

been granted standing to participate in this proceeding and are listed in the revised Schedule A to this letter.

7. The persons who have been granted standing are eligible to potentially recover the costs of their participation in this proceeding, as they fall within the definition of “local intervener” in Section 22 of the *Alberta Utilities Commission Act*. Rule 009: *Rules on Local Intervener Costs* applies to costs claims for this proceeding.

8. The Commission emphasizes that eligibility to claim costs does not guarantee full recovery of any costs. Any claims for costs must be filed after this proceeding is concluded, in accordance with Rule 009, and costs recovery is subject to the Commission assessing the parties’ contribution to the proceeding. The Commission encourages parties with similar interests and positions to work together to ensure that any expenditures are minimized and costs are not duplicated.
