

Notice of applications Kaybob South No. 3 Sour Gas Processing Facility cogeneration plant expansion and industrial system designation

TA Kaybob 3 Generation Facility Inc. has filed applications for a project approximately 44 kilometres southeast of Fox Creek in Woodlands County

Proceeding 25117

Applications 25117-A001, 25117-A002 and 25117-A004

The Alberta Utilities Commission (AUC), the independent utilities regulator, will be considering the power plant development and industrial system designation applications in Proceeding 25117. If you feel you may be affected by these applications you can provide input to the AUC to review before it makes its decision.

Written submissions are due January 10, 2020.

TA Kaybob 3 Generation Facility Inc. has applied to construct and operate a new 33-megawatt cogeneration power plant, a substation and a 9.75-megawatt reciprocating internal combustion engine within the existing fenceline of the SemCAMS Midstream ULC Kaybob South No. 3 Sour Gas Processing Facility. TA Kaybob is also applying to designate the existing power plant, the cogeneration power plant and the connecting 138-kilovolt electric distribution line as an industrial system. The cogeneration power plant would be located in Legal Subdivision 3 of Section 15, Township 59, Range 18, west of the Fifth Meridian. The applications have been filed under the *Hydro and Electric Energy Act*.

Additional information about the applications

The applications and any associated documents are publicly available and can be accessed from the eFiling System on the AUC website www.auc.ab.ca. Alternatively, for more information about what is being applied for, or for a copy of the applications, please contact:
