

# Community Generation Application Form

**Please check the appropriate boxes for your proposed community generation project.**

1. Does the generating unit qualify as a small scale generator under the *Small Scale Generation Regulation*?

Yes  No

If yes, please provide:

- i. Documentation from the distribution owner that the generating unit qualifies as a small scale generating unit.
- ii. Completed “Form A – Small Scale Generation Application Form.”

2. Does the generating unit have an existing AUC power plant approval?

Yes  No

If yes, please state the following; if no, leave blank.

AUC power plant approval number: \_\_\_\_\_

3. Is there an active AUC power plant application associated with the generating unit?

Yes  No

If yes, please state the following; if no, leave blank.

i. AUC proceeding number: \_\_\_\_\_

4. If “No” to both questions 2 and 3, when will the applicant apply for an AUC power plant approval? Please check the applicable box:

i. AUC power plant application for an approval is submitted with this form on the AUC’s eFiling System

ii. AUC power plant approval not needed for the project

If selected, please explain why an approval is not needed.

\_\_\_\_\_

iii. AUC power plant application will be submitted at a later date

Please provide the estimated submission date: \_\_\_\_\_

5. Is the generating unit the subject of a community benefits agreement or a community benefits statement, as defined in sections 1(b) and 1(c) of the *Small Scale Generation Regulation*?

Yes  No

If yes, please attach the community benefits agreement or community benefits statement.

Please indicate which definition of “community group” the applicant falls under as defined Section 1(e) of the *Small Scale Generation Regulation*.

---
