Description of conduct that resulted in the contravention	<p>AUC Rule 003: <i>Service Standards for Energy Service Providers</i>, Subsection 3.4.1(3) states: An ESP must not request the disconnection of a customer unless (a) the customer requests the disconnection; (b) the customer's account is in arrears and the disconnection will occur within the permissible disconnection period; (c) the customer is receiving electricity or gas service but fails to provide information or provides incorrect information for billing purposes and the disconnection will occur within the permissible disconnection period; or (d) the premises or property served by a site reasonably appears to be vacant or unoccupied.</p> <p>Direct Energy Regulated Services (DERS) self-disclosed that it had requested the disconnection of a customer in error. DERS reported that the previous customer at a site was in arrears, and that DERS did not revoke the de-energization request when a new customer enrolled for service at that site. The site was disconnected on June 6, 2019, and re-energized on June 10, 2019.</p>

Facts relied upon	DERS self-disclosed that it had contravened AUC Rule 003, Subsection 3.4.1(3). DERS stated that it had paid the customer a \$150 service guarantee as required by Subsection 3.4.2(1) of AUC Rule 003. The Commission is satisfied that a contravention has occurred.
